HANDLE VIA TALENT

NUMBER	NAME	POSITION	JUSTIFICATION
1	<div>25X1A9a</div>	Chief, Plans Branch, Intelligence Production Staff	As Chief of Plans Branch, Production Staff, incumbent develops and monitors implementation of a fiscal year production program for OSI. The current fiscal year program for OSI has lost much of its validity because of recent acquisition of atomic energy, guided missile, BW/CW, electronics, and other data from AQUATONE operations. Current planning and production supervision of incumbent is completely unrealistic and blind because of his ignorance of TALENT materials. In order to function effectively as a senior staff planner for OSI and plan proper utilization of TALENT materials, incumbent must be cleared.
